Burgess Hill Town Council

PRESS RELEASE

10/02/2022

New Bench - Queen Elizabeth Avenue

A new bench has been installed near to the bus shelter on the south side of Queen Elizabeth Avenue, thanks to Burgess Hill Town Council.

A Burgess Hill resident got in touch with the Town Council requesting for seating at this location as they had nowhere to sit while waiting for the bus. The new rainbow coloured bench was funded by the Town Council.

The Town Council also approached Clear Channel UK, who owns this bus shelter, to enquire if they would install a perch seat at the shelter. The company was delighted to support the resident's request and a perch seat has now been installed.
